Moj projekat je picerija. Pri pokretanju projekta prikazuju se picerije koje se nalaze u bazi podataka. Izgled jedne picerije:

The image consists of two screenshots of a mobile application interface for a pizzeria, titled "Riva Nis".

Screenshot 1: Rezervišite sto

This screen shows a row of 10 circular icons, each labeled "SLOBODAN" (free) and numbered 0 through 9. To the left, there is a form with fields for "Broj stola" (number of tables), "Ime" (name), "Prezime" (surname), and "Broj ljudi" (number of people). Below the form are three buttons: "Zauzmi sto" (reserve table), "Oslobodi sto" (free table), and "Izmeni rezervaciju" (change reservation).

Screenshot 2: Poručite

This screen shows a form for ordering. It includes fields for "Broj stola" (number of tables), "Jelovnik" (menu), "Napici" (drinks), and a large "Poruči" (order) button.

Moguće je izvršiti rezervaciju stola, kao i oslobođiti ga ili izmeniti. Takođe, moguće je izvršiti poručivanje pice (iz jelovnika), kao i poručivanje napitka za dati sto.

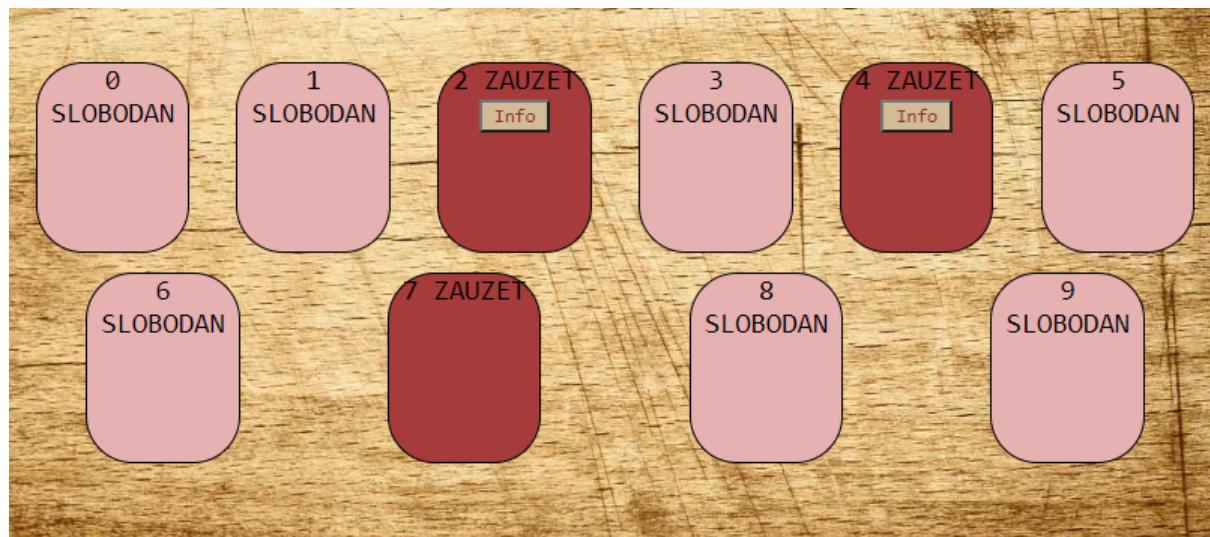

Two side-by-side screens of the mobile application interface.

Left Screen: Rezervišite sto

This screen has a title "Rezervišite sto". It features a form with fields for "Broj stola" (number of tables), "Ime" (name), "Prezime" (surname), and "Broj ljudi" (number of people). Below the form are three buttons: "Zauzmi sto" (reserve table), "Oslobodi sto" (free table), and "Izmeni rezervaciju" (change reservation).

Right Screen: Poručite

This screen has a title "Poručite". It features a form with fields for "Broj stola" (number of tables), "Jelovnik" (menu), "Napici" (drinks), and a large "Poruči" (order) button.

Kada se izvrši porudžbina moguće je klikom na dugme info videti broj porudžbine i šta je poručeno.
